

## **4 KILO WATT HYDRAULIC POWER PACK** **Specification**

### **Motor**

Electric Motor 4Kw, Direct on line start  
3Ø 415 Volts AC  
4 pin 32 amp plug  
Power cable length 16 meters

### **Pump**

Positive displacement gear pump  
1/2<sup>3</sup> inch – 8cc per/rev, 3.14 us gals – 11 Lts / per minute  
2800 PSI maximum working pressure

### **Valve**

4 port 3 position open centered manually operated valve  
A – B Ports quick connect couplings

### **Oil Tank**

Capacity 20 Litres  
Tellus 46 hydraulic oil  
Filtration, 10 micron return line filter

### **Physical size**

Length : 900mm  
Width : 370mm  
Height : 600mm  
Weight : 60 Kg approx
